

Learn More About Medicare Educational Meetings:

Whether you are planning to: **Retire at age 65, Work past age 65**, or qualify for **Social Security disability**, you will find our well-attended educational sessions relaxing and informative. In fact, many people walk away relieved to know they have connected with a trusted resource.

Unlike the daily barrage of relentless agents pushing individuals to purchase Medicare plans without any knowledge of that individual's personal set of circumstances,

We strongly encourage individuals to DO NOTHING until first consulting with one of our AHIP Certified, Medicare Insurance Advisors. Our team prioritizes you by first performing a **Thorough Benefits Analysis before making any recommendations.**

Unfortunately, many costly mistakes are due to ignorance. Just because you're turning 65, it may be premature to elect ANY parts of Medicare AND if you don't make the proper decisions at the proper times, you risk permanent penalties!

Our interactive, classroom-style setting provides enough information so you can confidently avoid unknowingly making a costly mistake and you can be confident about the next steps. Our advisors are also available afterward to answer more personalized questions.

If you would like a private one-on-one meeting at a more convenient time, please call our office M-F, 8:30am – 5pm, 717-208-6990 to schedule an appointment.

Our advisors view insurance planning as an essential component of a client's comprehensive financial plan. As fiduciaries, we are committed to upholding a client's best interest.
